

Gas-to Energy (GtE) in Guyana

OUR LIFE, OUR LIVELIHOOD & OUR LAND

OUR LIFE: SAFETY

- No feasibility study for Wales location
- Outdated commercial feasibility studies from 2018
- No National Gas Pipeline Integrity Management standard nor any Gas Leak Emergency Management Standards to follow
- No Gas Leak nor Gas Dispersion Modelling
- No Environmental Permission to date

OUR LIVELIHOOD: INCOME

- No access to our farmlands in high cost of living & food security environment
- Limitation on what and where we can plant
- No international valuation in an Oil and Gas economy for our land

OUR LAND: OUR ASSET

- Ancestral Lands
- Cultural Connection
- Business Instrument for loans and family security

SUPPPORT US- PROTEST AGAINST THIS GtE IMPLEMENTATION THAT VIOLATES GUYANA'S RULE OF LAW AND MAKES A MOCKERY OF THE UN'S SDGS!

Residents in

- Area of influence (AoI) of the GtE pipeline
- Right of way (RoW) of the GtE pipeline
